System Maintenance

Newark Computing Services reserves a weekly maintenance window for critical systems such as campus email, main campus and departmental websites. If network maintenance is being performed, the Blackboard system may be unavailable.

The scheduled system and network maintenance window is every Tuesday morning, 6:00am – 8:30am.

The scheduled maintenance window for the Blackboard system is every Friday between 9:00am and 12:30pm.

Blackboard Course Management System

Blackboard is the Newark course management system for on-line learning. Faculty can post course material with interactive links and multimedia material, use the on-line grade book, communicate with students using email, discussion boards and live chats, and manage course assignments. Blackboard can also be used by organizations to create a common environment of web-based services for their members.

For faculty assistance, contact:
Office of Academic Technology: blackboard@newark.rutgers.edu or 973-353-1556.

For student assistance, contact:
NCS Help Desk: help@newark.rutgers.edu or 973-353-5083

Education Series

Free, hands-on training courses are available using the Blackboard system. Visit http://ncs.newark.rutgers.edu/edseries for more information and to register.
